Education

Ph.D. in Biomedical Informatics, Harvard University
2017–2022 Bioinformatics and Integrative Genomics Program, Harvard Medical School | Boston, MA, USA
Thesis *Fine-mapping complex traits in large-scale biobanks across diverse populations*
Advisors Drs. Mark J. Daly and Hilary K. Finucane

B.S. in Bioinformatics, Keio University
2013–2017 Department of Biosciences and Informatics | Yokohama, Japan
Thesis *Integrative multi-omics analysis of renal cell carcinoma*
Advisor Dr. Yasubumi Sakakibara

Academic Appointments

Instructor in Medicine Center for Computational and Integrative Biology
2025–present Massachusetts General Hospital and Broad Institute of MIT and Harvard | Boston, MA, USA

Research Fellow Center for Computational and Integrative Biology
2022–2025 Massachusetts General Hospital and Broad Institute of MIT and Harvard | Boston, MA, USA
Advisor Dr. Ramnik J. Xavier

Other Appointments

Research Consultant Laboratory for Systems Genetics
2026–present RIKEN Center for Integrative Medical Sciences | Yokohama, Japan

Visiting Researcher Department of Genome Informatics, Graduate School of Medicine
2024–present The University of Tokyo | Tokyo, Japan

Visiting Researcher Institute for Molecular Medicine Finland (FIMM)
2019–present University of Helsinki | Helsinki, Finland

Visiting Faculty Department of Statistical Genetics
2022–2025 Osaka University Graduate School of Medicine | Osaka, Japan

Research Student Department of Statistical Genetics
2017–2022 Osaka University Graduate School of Medicine | Osaka, Japan
Advisor Dr. Yukinori Okada

Research Assistant Laboratory for Statistical Analysis
2015–2019 RIKEN Center for Integrative Medical Sciences | Yokohama, Japan
Advisors Drs. Yoichiro Kamatani and Yukinori Okada

Technical Assistant Department of Human Genetics and Disease Diversity
2014–2016 Tokyo Medical and Dental University | Tokyo, Japan
Advisors Drs. Yukinori Okada and Toshihiro Tanaka

Leadership

Project Lead FinnGen immune multiome project
2022–present Population-scale immune multiome atlas of 10 million cells from 1,108 donors (Kanai, M., et al. *Nature*, 2026)

Writing Group Lead COVID-19 Host Genetics Initiative
2021–2023 One of the writing group leads for the Initiative's three *Nature* reports (2021, 2022, 2023)

Core Analysis Team Global Biobank Meta-analysis Initiative

2020–2022 Core analysis team (Zhou, W., Kanai, M., et al. *Cell Genomics*, 2022); led meta-analysis fine-mapping and its calibration (SLALOM; Kanai, M., et al. *Cell Genomics*, 2022)

Honors and Awards

- 2026 **Semifinalist (Postdoctoral)**, Trainee Research Excellence Award, American Society of Human Genetics
- 2019–2026 Reviewers' Choice Abstract Award, American Society of Human Genetics (2019, 2021, 2022, 2025, 2026)
- 2024 **Innovators Under 35 Japan**, *MIT Technology Review*
- 2020 **Finalist (Predoctoral)**, Charles J. Epstein Trainee Award for Excellence in Human Genetics Research, American Society of Human Genetics
- 2018–2023 Masason Foundation Fellowship
- 2017–2022 Nakajima Foundation Fellowship
- 2011 Third Place, Worldwide Finals, Microsoft Imagine Cup Windows 7 Touch Challenge
- 2010 First Place, National Finals, and Worldwide Finalist, Microsoft Imagine Cup Software Design Competition

Certification

- 2015 Certified Bioinformatics Engineer, Japanese Society for Bioinformatics

Professional Service**Advisory Board** Hail User Advisory Board

2025–present Broad Institute of MIT and Harvard

Abstract Reviewer American Society of Human Genetics Annual Meeting

2021, 2024, 2026

Task Force Member Polygenic Risk Score Task Force, International Common Disease Alliance

2020–2022 Contributed to the Task Force's perspective on the responsible clinical use of polygenic risk scores (*Nature Medicine*, 2021)

Ad Hoc Referee *Advanced Science*; *American Journal of Human Genetics*; *Bioinformatics*; *BMC Bioinformatics*; *Communications Medicine*; *eLife*; *Genetic Epidemiology*; *Genome Biology*; *Human Genetics and Genomics Advances*; *Journal of Human Genetics*; *Journal of the American Heart Association*; *Nature Communications*; *Nature Medicine*; *Nature Neuroscience*; *PLOS Genetics*

Memberships American Society of Human Genetics (2016–present); Japan Society of Human Genetics (2014–present); Japanese Society for Bioinformatics (2015–present)

Publications

First or co-first author on 12 papers (2 as corresponding author); co-senior author on 1. * equal contribution; † corresponding author
